Per New York State regulations, sunscreen may only be applied to students by school personnel if the school has **written** permission from the parent or guardian to do so. Sunscreen may be applied by school personnel such as teachers, social workers, and administrators, or by school nursing staff.

**PLEASE NOTE:** Sunscreen should be applied to the student's skin prior to coming to school. Our staff is here to provide additional applications, throughout the day, but they should receive their first application prior to arriving at school each day.

I, \_\_\_\_\_ give permission for \_\_\_\_\_ to have sunscreen applied to exposed skin while at school.

Student's DOB: \_\_\_\_\_
